Trade List 1941

Dolias
Our nationally known green plants are produced from basal shoots, grown cool, without cod-
dling, in 3½ inch pots. Shipped by Express only, in open boxes, they arrive as fresh as when packed. We do not send yellow, lanky plants by parcel post.

No plants from wherever obtained, at any price, equal in vigor and health those sent out by us.

Terms: Cash with order. No C.O.D. orders. Orders under \$3.00 not desired.

Roots can be shipped by parcel post. All orders for roots under \$5.00 must add 25c for postage.

ROOT DIVISIONS

Joyce Louise, 50c each.

Becky Thatcher, our live, pink, cut flower variety. We cut thousands of this beautiful flower for the St. Louis flower trade last year. 25c each, \$20.00 per 100.

Harlequin and Mrs. Jasper Blackburn, \$1.00 each.

All our plants have been treated with Thiamin Chloride (Vitamin B1).

Stocks of some varieties will be very limited. Preference given to first orders.

We do not substitute without permission.

Pink Giant is unquestionably the finest pink dahlia ever produced. Very deep rose, without a trace of purple. Tall grower, with excellent stems. Informal decorative, blooms 10-12 inches. Many growers regard this introduction from Holland as the best dahlia ever produced.

Gillman's Beauty. Formal pink from Australia. Very fine.

Purple Lady is the best purple we have ever seen. Semi cactus. Stock very limited.

San Francisco. One of the largest flowers ever produced.

Cornell is a beautiful bicolor—garnet red, tipped white.

Harlequin—introduced by us, is a very floriferous informal decorative bicolor, of perfect form. Produces 10 inch flowers on excellent stems. Color—bright yellow, very strongly striped, flaked and spotted bright red. In bloom for us from mid July to frost. We received more orders for this variety at the St. Louis Dahlia Show in 1940 than for any others. Quite unique.

Mrs. Jasper Blackburn—another of ours. Most floriferous, informal decorative, 10 inch flowers. Color indescribable, but perhaps best indicated by brilliant sunset glow, having many shadings of Sonny Boy, of which it is a seedling. Exceptionally lively and bright.

Amigo—a good formal white decorative, 9-10 inch flowers on excellent stems. Most floriferous.
